

Product Feature

- Quarter-turn ON/OFF, providing easy operation
- Handle shape provides visual indication of OPEN and CLOSE position
- Available on high and low-pressure models

Temperature / Pressure Rating

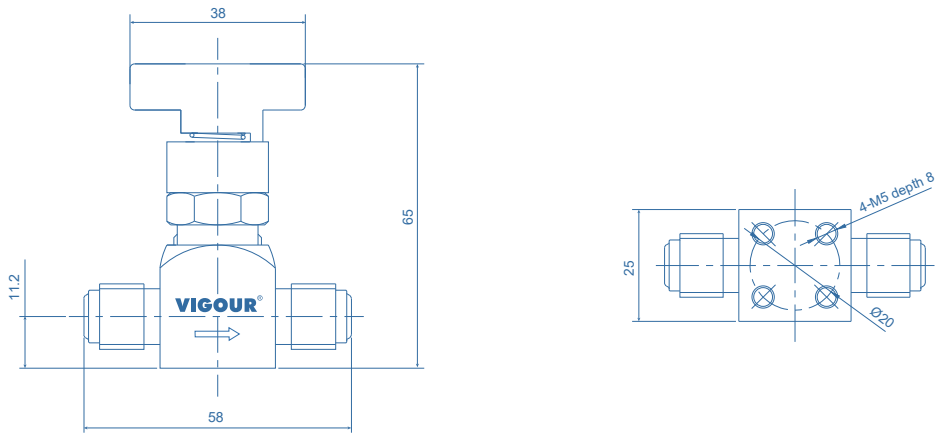

Technical Data

Max. Working Pressure	3000 psig (205 bar)
Max. Working Temp.	-10°F ~ 150°F (-23°C ~ 65°C)
Materials	
Body	316L secondary remelt
Diaphragm	Elgiloy [®]
Seat packing	PEEK
Handle	AL
Internal Leakage Allowance	1x10 ⁻⁹ mbar l/s He
External Leakage Allowance	1x10 ⁻⁹ mbar l/s He
Orifice	Φ4.0mm
Weight	approx. 0.25kg

Dimensions(mm)

Ordering Information

VDV31UBS - MV4 - MV4

Materials

S: 316L
SLV: 316L secondary remelt

End Connection

MV4: 1/4" face seal male

* Other connection standard,consult factory
